

January 8, 2024

Dear Friends of the Foundation:

UHN Foundation is pleased to acknowledge The ***Muskoka Motor Rally*** taking place on ***Sunday, July 28, 2024***. We are aware of this event and are grateful to be one of the beneficiaries. Funds raised through this third party event will support Emergency Medicine at UHN and The South Muskoka Hospital Foundation.

The University Health Network (UHN) proudly stands as a globally recognized organization, boasting a rich history of being at the forefront—often the first, the best, or the only organization—to achieve ground-breaking milestones in healthcare.

Our legacy of innovation and success is built on a foundation of collaboration, as we firmly believe that transformative change comes through unity with other institutions and individuals. In our journey, we acknowledge that nobody ever changed the world alone, and it is through collective effort and shared vision that we continue to shape the future of healthcare.

We are grateful for the support of Jacqueline, Daniel and Andrew Wachsberg as they work to support change at UHN by hosting The Muskoka Motor Rally fundraiser.

Philanthropy helps enable UHN's incredible advances. Together, we can create awareness and raise funds to support our values. Being UHNITED and collaboration makes these advances possible.

If you have any questions or concerns, please contact Irene Salvani 647-631-5695 or irene.salvani@uhn.ca.

Sincerely,

Colin Bloom
